

Kathy's job is a real

# killer.

## Save a life.

Whenever you buy a puppy or kitten from a pet store or breeder, Kathy makes a killing. While pet shop breeders create more cute fluff balls, Kathy has to kill all the discarded dogs and cats nobody came to rescue at the pound. Please, don't buy while animals die. If you are prepared to care for a cat or dog for the rest of their lives, adopt one from a shelter, and please, get your dog or cat spayed or neutered.
