Dear Lawrence County Commissioners,

I was so thrilled to hear from my friends at PETA that Nosey has been transported to The Elephant Sanctuary in Tennessee. Thank you, from the bottom of my heart!

Nosey's tragic story very recently compelled me to record a PSA for PETA urging for her retirement and encouraging kind people everywhere to act in her behalf to give her the chance of living a happy life in a sanctuary. She has been on the road nearly since her infancy. She has worked, day in and day out, carrying people on her back and performing difficult tricks under the threat of a bullhook. Her "home" on the road has been a dark, cramped trailer or the end of a chain. She deserves so much more—as do *all* other elephants.

I recorded this PSA mere weeks ago, when I didn't think anyone in a position to help Nosey cared—so it warms my heart to see that Lawrence County does.

I hope Nosey is able to live permanently at The Elephant Sanctuary—where she can be with other elephants, unbridled by chains, and enjoy the simple pleasure of feeling the grass beneath her feet and the sun on her back—and that she may continue to roam its vast acreage for the remainder of her years. There's a chance that Nosey's story will have a happy ending—and who doesn't love a happy ending?

Sincerely yours,
