Did You Know?

Crows live in families and are very protective of their babies, just like us.

How You Can Help Them

If you hear a crow cawing, don't be afraid. Scientists think they can talk to each other, just like humans!

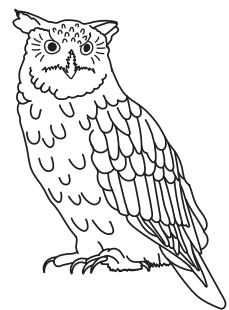

Did You Know?

Ravens have big brains, which make them excellent problem solvers, just like us.

How You Can Help Them

Never hurt, chase, scare, or throw things at ravens—or any other animal. Imagine how scary that would be for them!

Did You Know?

Owls are "nocturnal," which means they're awake at night. Their large eyes help them see in the dark.

How You Can Help Them

Owls and other birds need their feathers to stay warm and dry. Never use feathers to make things.

Name _____ Date _____

The "S" Sound

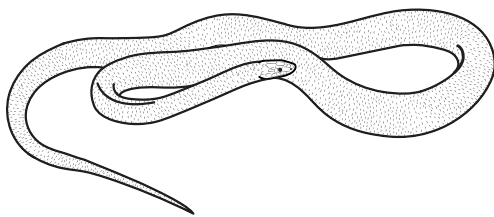

SPIDERS, SNAKES, AND SILKWORMS

Help Baby Spider find his way back to his mom.

PRACTICE WRITING THE LETTER "S."
It looks just like a squiggly snake!

S	S	S	S	S
S	S	S	S	S
S	S	S	S	S
S	S	S	S	S

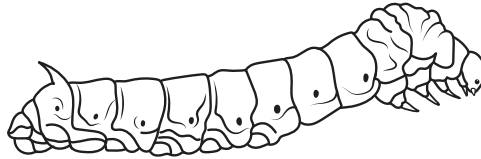

Did You Know?

Snakes come in all different shapes, sizes, and colors. They've been around since dinosaurs were alive, and some can live to be over 50 years old!

How You Can Help Them

If you know people who wear clothes made from animal skins, tell them that snakes and other animals need their skin to survive, just like us.

Did You Know?

Silkworms grow and change into awesome moths while inside their cocoons, just like caterpillars who transform into beautiful butterflies.

How You Can Help Them

Just like all other animals, silkworms feel pain and don't want to be killed. Ask your family to choose clothes that aren't made out of silk.

Did You Know?

Female whip spiders snuggle with their babies. Awwww!

How You Can Help Them

Never kill spiders or other insects. Instead, tell a grown-up, catch them very gently, then set them free outside.

If you see someone being mean to any animal, tell a grown-up right away. **PETAkids**

Did You Know?

Rats are very clean animals. They can spend hours grooming themselves, just like cats.

How You Can Help Them

If rats decide to live in your house, ask your family to catch them in traps that don't hurt them. Then, take them somewhere safe outside and set them free.

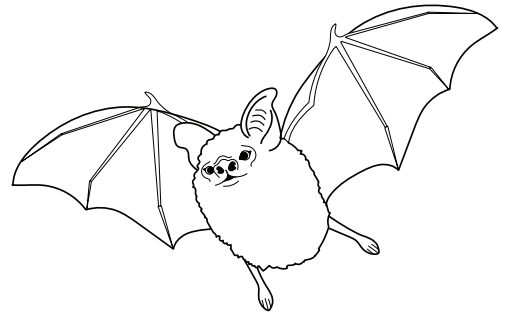

Did You Know?

Black cats are less likely to be adopted from animal shelters than other cats. Isn't that sad?

How You Can Help Them

Why not adopt a black cat? They're just as sweet, smart, playful, and *purr*fect as other cats—the only difference is the color of their fur.

Did You Know?

Bats eat mosquitoes and other insects. Little brown bats can eat more than 600 mosquitoes in one hour!

How You Can Help Them

Bats try to stay away from humans. If you find an injured one, ask a grown-up to call an animal rescuer for help right away.
