Subject Re: GA06039-AC and GA06081-AC

[REDACTED]
Thanks for checking on this case. We are requesting referral to OGC based on prior history and seriousness of the violations.

In 1996 - Stipulation \$6,000
In 1998 - Stipulation \$10,000
In 2005 - Stipulation \$1,375

And, the negligence that led to the death of that macaque is just inexcusable.
So, I would still like this referred to OGC.
Thanks,
Betty

Dr. Goldentyre:

I am TDY on the Enforcement Staff reviewing cases. I have been assigned the 2 cases involving Emory University/Yerkeys Primate Center. In reviewing these cases I was asked to inquire the reason for the OGC referral request rather than stipulation. I completed a stipulation worksheet and the results are \$9281 for settlement and \$18562 if refused and sent to OGC...

Thank You
