

PEOPLE FOR
THE ETHICAL
TREATMENT
OF ANIMALS

Dear Kate,

Netflix's *Tiger King* is calling critical attention to the abuse and neglect endured by big cats used for entertainment—progress that will be undone if real wild animals are used in your upcoming *Joe Exotic* series. While we don't anticipate that a story *about* wild-animal abuse would feature *real* animals, who suffer when used for television, we do hope to hear right away that CGI or even existing footage will be used for the show instead of big cats and other wild animals.

Thank you for your time and prompt attention to this important matter. I hope you and yours are staying safe and healthy, and I look forward to hearing from you.

Best regards,

Lewis Crary
