

UNITED STATES DEPARTMENT OF AGRICULTURE
ANIMAL AND PLANT HEALTH INSPECTION SERVICE

OFFICIAL WARNING
VIOLATION OF FEDERAL REGULATIONS

CASE NUMBER:
PA160009

VIOLATOR:
Pymatuning Deer Park Inc.

Customer# 2242
License# 23-C-0019

ADDRESS (Street, City, State, ZIP Code):
842 E Jamestown Rd
Jamestown, PA 16134

The U.S. Department of Agriculture has evidence that on or about the date(s) listed below, you or your organization committed violations of the following sections of the Code of Federal Regulations, Title 9:

Date(s): January 26, 2016, November 2, 2015, August 27, 2015 and July 20, 2015

§ 3.125(a) - Facilities, general.

Structural strength. The facility must be constructed of such material and of such strength as appropriate for the animals involved. The indoor and outdoor housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals.

Date(s): January 26, 2016, August 27, 2015, July 20, 2015 and May 13, 2015

§ 3.131(a) - Sanitation. (DIRECT)

Cleaning of enclosures. Excreta shall be removed from primary enclosures as often as necessary to prevent contamination of the animals contained therein and to minimize disease hazards and to reduce odors. When enclosures are cleaned by hosing or flushing, adequate measures shall be taken to protect the animals confined in such enclosures from being directly sprayed with the stream of water or wetted involuntarily.

Date(s): August 27, 2015

§ 2.40(a)(1) - Attending veterinarian and adequate veterinary care (dealers and exhibitors).

Each dealer and exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the dealer or exhibitor.

Date(s): August 27, 2015, July 20, 2015 and May 13, 2015

§ 2.40(b)(2) - Attending veterinarian and adequate veterinary care (dealers and exhibitors). (DIRECT)

Each dealer or exhibitor shall establish and maintain programs of adequate veterinary care that include: the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care.

Date(s): August 27, 2015, July 20, 2015 and May 13, 2015

§ 3.75(c)(1) - Housing facilities, general.

Cleaning. Hard surfaces with which nonhuman primates come in contact must be spot-cleaned daily and sanitized in accordance with § 3.84 of this subpart to prevent accumulation of excreta or disease hazards. If the species scent mark, the surfaces must be sanitized or replaced at regular intervals as determined by the attending veterinarian in accordance with generally accepted professional and husbandry practices. Floors made of dirt, absorbent bedding, sand, gravel, grass, or other similar material, and planted enclosures must be raked or spot-cleaned with sufficient frequency to ensure all animals the freedom to avoid contact with excreta. Contaminated material must be removed or replaced whenever raking and spot cleaning does not eliminate odors, diseases, insects, pests, or vermin infestation. All other surfaces of housing facilities must be cleaned and sanitized when necessary to satisfy generally accepted husbandry standards and practices. Sanitization may be done by any of the methods provided in § 3.84(b)(3) of this subpart for primary enclosures.

Date(s): August 27, 2015, July 20, 2015 and May 13, 2015

§ 3.84(d) - Cleaning, sanitization, housekeeping, and pest control.

Pest control. An effective program for control of insects, external parasites affecting nonhuman primates, and birds and mammals that are pests, must be established and maintained so as to promote the health and well-being of the animals and reduce contamination by pests in animal areas.

Date(s): August 27, 2015, July 20, 2015 and May 13, 2015

§ 3.125(c) - Facilities, general.

Storage. Supplies of food and bedding shall be stored in facilities which adequately protect such supplies against deterioration, molding, or contamination by vermin. Refrigeration shall be provided for supplies of perishable food.

Date(s): August 27, 2015, July 20, 2015 and May 13, 2015

§ 3.128 - Space requirements.

Enclosures shall be constructed and maintained so as to provide sufficient space to allow each animal to make normal postural and social adjustments with adequate freedom of movement. Inadequate space may be indicated by evidence of malnutrition, poor condition, debility, stress, or abnormal behavior patterns.

Date(s): August 27, 2015, July 20, 2015, May 23, 2015 and May 13, 2015

§ 3.129(a) – Feeding.

The food shall be wholesome, palatable, and free from contamination and of sufficient quantity and nutritive value to maintain all animals in good health. The diet shall be prepared with consideration for the age, species, condition, size, and type of the animal. Animals shall be fed at least once a day except as dictated by hibernation, veterinary treatment, normal fasts, or other professionally accepted practices.

Date(s): July 20, 2015 and May 13, 2015

§ 3.84(c) - Cleaning, sanitization, housekeeping, and pest control.

Housekeeping for premises. Premises where housing facilities are located, including buildings and surrounding grounds, must be kept clean and in good repair in order to protect the nonhuman primates from injury, to facilitate the husbandry practices required in this subpart, and to reduce or eliminate breeding and living areas for rodents, pests, and vermin. Premises must be kept free of accumulations of trash, junk, waste, and discarded matter. Weeds, grass, and bushes must be controlled so as to facilitate cleaning of the premises and pest control.

Date(s): July 20, 2015

§ 3.126(c) - Facilities, indoor. (DIRECT)

Lighting. Indoor housing facilities shall have ample lighting, by natural or artificial means, or both, of good quality, distribution, and duration as appropriate for the species involved. Such lighting shall be uniformly distributed and of sufficient intensity to permit routine inspection and cleaning. Lighting of primary enclosures shall be designed to protect the animals from excessive illumination.

Date(s): July 20, 2015

§ 3.132 – Employees. (DIRECT)

A sufficient number of adequately trained employees shall be utilized to maintain the professionally acceptable level of husbandry practices set forth in this subpart. Such practices shall be under a supervisor who has a background in animal care.

Date(s): July 20, 2015

§ 3.133 - Separation. (DIRECT)

Animals housed in the same primary enclosure must be compatible. Animals shall not be housed near animals that interfere with their health or cause them discomfort.

The above is not intended to be an all-inclusive list. Please know that you are responsible for ensuring that your facility, animals, and property are in compliance with the Animal Welfare regulations. Inspection reports can be found on APHIS' website at:

<https://acisearch.aphis.usda.gov/LPASearch/faces/Warning.jspx>

The Animal and Plant Health Inspection Service (APHIS) created federal regulations to ensure the welfare of animals and help prevent the spread of animal and plant pests and diseases. Since violations of the regulations can have serious and costly impacts that are detrimental to the public interest, APHIS is providing you with an Official Warning for the violation(s) described above. Any further violation of these federal regulations may result in the assessment of a civil penalty, criminal prosecution, or other sanctions. If you have any questions concerning this Official Warning or violation(s), please contact the APHIS official listed in this notice.
