FACILITIES, GENERAL.

*** The den walls for the tigers, Magoo and Special were made of wood landscape timbers. Some of the timbers were loose and rotten. The weakness of the walls could break posing the risk of injury or escape. The housing facilities must be repaired and/or replaced and should be maintained and kept structurally sound to protect and contain the animals.

*** The entrance to the den for the lion Rainbow was made of wood landscape timbers. Some of the timbers were rotten and left a nail exposed about 2-3 inches. The weakness of the walls could break posing the risk of injury or escape. The exposed rusty nail could cause an injury. The housing facilities must be repaired and/or replaced and should be maintained and kept structurally sound to protect and contain the animals.

*** The enclosure for the leopard Jack had a metal strap and nail that protruded into the enclosure that could cause an injury. The housing facilities must be repaired and/or replaced and should be maintained and kept structurally sound to protect and contain the animals.
