This action does not comply with) CFR
313.15 Mechanical: captive bolt	
(a) Application of stunners require	ed l
effect, handling. (1) The captive I	oolt
stunners shall be applied to the	
livestock in accordance with this s	ection
so as to produce immediate	
unconsciousness in the animals be	efore
they are shackled, hoisted, throw	ı, cast,
or cut. The animals shall be stunned	ed in
such a manner that they will be re	ndered
unconscious with a minimum of	
excitement and discomfort.	
(3) Immediately after the stunning	blow is
delivered the animals shall be in a	state
of complete unconsciousness and	remain
in this condition throughout shack	ling,
sticking and bleeding. The FSIS D	rective
