Elective Euthanasia Request Form

(Do **NOT** use this form for animals that are ill or on clinical call)

I Josh Parenti *(on behalf of Dr. Lindsey)* authorize OLAR staff to euthanize the following animals at their earliest convenience. I understand that since this is an ELECTIVE EUTHANASIA that there is an hourly service charge to complete this procedure. Minimum charge is 15 minutes. The PI is responsible for all per diems until the euthanasia is completed.

Responsible signature authorizing OLAR to perform this procedure:

Date 4.19.20

Investigator Broch Lindsey Department Ortho.

Protocol Number 1907024540 Phone Number 603.727.6639 - Cell

Building/Room Number V308 & V309 Rack/location _____

Species Mouse Strain/Sex B216/C

Animal Identification Rm 308 - 2 cages total - One mouse is #30, other 2 cages together
Rm 309 - Recent shipment, NO ID's given yet Number of animals/cages _____

NOTE: Laboratory personnel must place correct animal identification information on the cage cards and a euthanasia tag ("Elective Euthanasia") to insure the correct animals are chosen.

Please give this completed form to the OLAR Office and allow at least 24 hours for completion of euthanasia after it is submitted.

Approved by _____

Euthanasia completed _____ Date _____

Service charge _____

Subject: Lindsey lab mice

Good morning,

Dr. Lindsey (Orthopaedics) has 13 mice in room V-308 [3 mice] & V-309 [10 mice]. He has advised that we can euthanize all of them, but I wasn't sure how to go about doing it. I am home with a slight cold and was told not to come in. How can we accomplish this otherwise?

I am currently the only one properly trained on the euthanasia protocol.

Thanks,

Josh
