

# DID YOU KNOW

you have the right to

**refuse to dissect animals**

**in Manitoba?**

It's true! Each year, countless animals (including frogs, cats, and birds) are cruelly killed and then cut up in classrooms across the country—even though humane methods exist. Studies have shown that students who use humane dissection methods perform just as well as—and often better than—students who cut up animals. You don't have to dissect! Explain to your teacher that you won't and that a curriculum guide gives you the right to say NO to doing so in Manitoba. This is what it says:

#### **Manitoba Education Grade 11 Biology Curriculum**

Grade 11 Biology does not mandate that dissection (either real or virtual) take place in the classroom. ... [D]issection may be used, provided that no student is forced to participate in a dissection over his or her objections.
