

# DID YOU KNOW

you have the right to

**refuse to dissect animals**

**in Prince Edward Island?**

It's true! Each year, countless animals (including frogs, cats, and birds) are cruelly killed and then cut up in classrooms across the country—even though humane methods exist. Studies have shown that students who use humane dissection methods perform just as well as—and often better than—students who cut up animals. You don't have to dissect! Explain to your teacher that you won't and that a policy gives you the right to say NO to doing so in Prince Edward Island. This is what it says:

#### **Prince Edward Island Education Handbook for School Administrators**

Should a student wish not to participate in a dissection activity for moral, religious, or other acceptable reasons, then a meaningful alternative to the dissection activity must be provided for the student. Students are to be informed, at the beginning of any course potentially involving the practice of animal dissection, of their right to choose to not dissect animals.
