

# Compassionate TEACHER

AWARD

TeachKind recognizes and thanks  
Teacher of the Year runner-up

*Josie McClain*

for teaching her students to be respectful and kind to animals.

Because of her commitment to humane education,  
her students are learning new ways to help animals  
and her school has become a more compassionate place.

Josie's dedication is an inspiration, and her students  
—and all animals—are lucky to have her on their side.
