

Establishment number: M2628

Establishment name: Green River Meats LLC
4000 Greensburg Rd., Campbellsville, KY

Inspection date: 2025-03-19

Description: HATS Category II: Truck Unloading

On March 19, 2025, at approximately 0845 hours while performing a Livestock Humane Handling task at Green River Meats (M2628), I, Consumer Safety Inspector REDACTED, observed the following:

While observing the unloading process of three market swine from a trailer and into the alleyway (prior to weighing), Inspection Program Personnel (IPP) observed the livestock owner forcibly push one hog off the edge of the trailer, an approximate drop of 1 foot. The hog fell and landed on its body cavity, exhibited vocalization, and was observed with a bloody snout as a result of the fall. Shortly after, IPP observed the livestock owner pull on the hind leg of a second hog with force, and the hog exhibited vocalization. IPP immediately informed Kill Room Supervisor REDACTED of the unacceptable manner in which the swine were being removed from the trailer. While continuing inspection in the same area, IPP observed the livestock owner forcibly pulling on the ear of one hog while attempting to remove it from the trailer. IPP re-informed Mr. REDACTED of these additional observations. Co-owner/Operations Manager REDACTED was also notified of the observations and of the forthcoming documentation of non-compliance with 9 CFR 313.2(a).
