To the TSA Agents at Denver International Airport:

Thank you for the essential work you do to help keep human and animal travelers safe and the Denver International Airport running smoothly each day.

PETA understands that many of you are continuing to show up for duty while waiting for paychecks to resume, and we wanted to offer a small gesture of support during this challenging time.

That's why we're rolling in a giant suitcase filled with delicious, animal and planet-friendly vegan foods for you to take home and enjoy with your families – including the four-legged ones.

Every animal is someone who deserves respect and freedom, and choosing vegan foods is a simple yet powerful way to let compassion take flight! And as a bonus, vegan foods are better for the environment and human health.

We hope this special delivery provides a moment of joy and a little help during this difficult time.

Sincerely,

Danielle Katz
Vice President of Campaigns
